

HANDLED A LOAD  
TO SLC

UT-055-3809

(For BLM use) Serial No. UTU-72858  
Date Received 11/28/94

## NOTICE

OR

## PLAN OF OPERATIONS

(For Operations Proposed Under the 43 CFR 3809 Regulations)

Instructions to Claimant/Operator: Circle "Notice" (above) if proposed mining activity within the project area will disturb a total of five (5) acres or less during the calendar year. Circle "Plan of Operations" if disturbance will exceed five (5) acres during the calendar year or if operations are within one of the specially designated areas described in 43 CFR 3809.1-4(b). Complete the form in as much detail as possible. Additional sheets may be used if necessary. Use maps or sketches where appropriate (maps or sketches are required for submitted plans of operations and are recommended for submitted notices). A review of the 43 CFR 3809 regulations should be conducted prior to completion of this form and submission to the appropriate BLM office.

Operator Information:NameAddressTelephone

Alvin E. Harris

1510 East Copper Creek Road  
SANDY, UTAH 84093

801-572-0266

Claimant Information (If different than operator):NameAddressTelephone

Same as above

Claim Information (Claim names, circle claim types (Lode, Placer Mill Site, Tunnel), UMC Serial Number. List only the claims where the disturbance is proposed):

Section 10, SW $\frac{1}{4}$  Quadrant, Name: IN FOCUS-C UMC Serial# 00098907

Location of Proposed Activity (i.e. County, Township, Range, Section and Quarter section):

Section 10: Removing previously mined, in 1956, <sup>TUNGSTEN</sup> ore from several surface dumps. No mining activity at this time. Ore moved to Section 36 <sup>or 16?</sup>

House Mountain Mining District, Millard County, Utah. SW $\frac{1}{4}$  Quadrant of Section 10, Township 19S, Range 14W

Describe Pre-Existing Disturbances and Structures or Indicate on Maps or Sketches (Mine and Mill Facilities, Workings, Tailings, Dump Areas, etc...). It may be to your advantage to document existing disturbance with photographs):

Previously stockpiled ore from 1956. No mining activity since that time. The ore appears to have come from surface mining operations in the 1950's. There are no in ground mines, no structures, no mill facilities, tailings, workings, or dumps, only the several stockpiles.

Describe Access Routes (Existing and proposed, for proposed road construction specify length and width in feet):

(BLM)

Existing roadways in place through Section 10. (See attached map)

No additional roadways are needed to remove the stockpiles.

NO MILLING  
ON SEC 36  
RDON 6/26  
SENT TO  
SLC FOR  
TESTING

Proposed Operations: Describe the entire proposed operation, including the type of material being removed and all surface disturbing activities (road construction, drilling, trenching, backhoe and bulldozer exploration, mining, waste disposal, etc.). List all mechanized earth moving equipment to be used during the operation and state if any hazardous materials or explosives are to be utilized. Describe and furnish a map or sketch, when applicable, showing existing surface disturbances, structures, facilities, etc., and the location and size of areas where surface disturbance are proposed, including existing and/or proposed routes of access. Calculate the total acreage proposed for disturbance (1 AC. = 43,560 sq. ft.).

Removing previously mined ore which has been stockpiled since 1956. We will use a front-end loader and a haul truck. No mining or blasting activity at this time.

Date Operations are Proposed to Commence as Outlined in this Submittal - (Month, Day, Year):

September 1, 1994

Proposed Completion Date - (Month, Day, Year):

December 31, 1995

Proposed Reclamation: Describe the proposed reclamation procedures and other measures to be taken to prevent unnecessary or undue degradation of the lands, including measures to be taken if a period of non-operation is anticipated. When reclamation has been completed, the Authorized Officer of the BLM shall be notified so that an inspection of the area can be made.

Light grading to preserve the natural contour of the land.

I hereby declare that I, or persons I have authorized to do so, will complete all necessary reclamation of areas disturbed during the course of my operations to the standards described in 43 CFR 3809.1-3(d) and that reasonable measure will be taken to prevent unnecessary or undue degradation of the federal lands during operations.

  
Signature of Claimant or Operator

November 28, 1994

Date

Notice to Claimants/Operators:

1. A notice submitted in relation to the 43 CFR 3809 regulations does not require approval from the BLM. However, notification of such activities shall be made at least 15 days before commencing operations. Approval of a submitted plan of operations is required from the BLM prior to commencing operations. The BLM will promptly acknowledge receipt of a plan and will notify the claimant/operator of the status of the plan within 30 days of receipt.
2. Approval of a plan of operations does not constitute certification of ownership to any person named as claimant/operator herein, nor does approval constitute recognition of the validity of any mining claims named herein.
3. Information and data submitted and specifically identified by the operator as containing trade secrets or confidential or privileged commercial or financial information should be attached to a separate page and cited in the text of the notice or plan of operations. This information will be filed separately by the BLM and will not be available for public inspection.
4. Failure of an operator to file a notice under 3809.1-3 or a plan of operations under 3809.1-4 will be subject to the operator, at the discretion of the authorized officer, to being served a notice of non-compliance or enjoined from the continuation of such operations by a court order until such time as a plan or notice is filed with the authorized officer.
